Highfield School Early Years

LONG TERM TOPIC PLANNING YEAR 1

Learning within the week is loosely divided into 4 different thematic areas which account for each area of learning and encompass individual therapies and needs. Details of these are:

My Skills - communication (including PECS), Literacy, Numeracy, ICT and self help

My World - exploring the world, History, Geography, Citizenship, Science

Myself - Art, Music, Dance, Drama, Arts Therapies, Music Therapies

My Body - Motor skills, Physiotherapy, Occupational Therapy, Sport, Games, Swimming, Healthy Bodies

An example of how this might be laid out is detailed below. This is a suggestion and depends upon the child's own needs and interests.

Monday	Tuesday	Wednesday	Thursday	Friday
My Skills	My Skills	Myself	My Skills	My World
My World	My Body	Myself	My Body	My World

Classes Primary 1 and Primary 2 (Caterpillars and Butterflies) follow the Early Years Foundation Stage Curriculum where the Development Matters statements dictate content of teaching according to the children's needs and abilities. This is also the case for some pupils in Primary 3 (Dragonflies). For those children who are of Key Stage 2 age there is National Curriculum teaching content outlined to give a broad and balanced teaching approach.

Suggested texts are detailed on the long term plan. If alternative texts match objectives or follow the children's interests these may be used but PLEASE DO NOT duplicate another half term text.
